

# Honey

Sir Sly

What's it bigger than?  
Drink the holy water that you're swimming in  
Wash away all of my biggest sins  
Sleepin' in on the linens again

I wanna be your winter sun  
Fly up to Montreal and warm you up

Good god I'm hot never felt this sunny  
I want you on my tongue like a little bit of honey  
Too sweet got me feeling myself  
I want you more than wealth I want you more than money  
I want you on my tongue like a little bit of honey  
I want you on my tongue like a little bit of... honey

I wanna be your winter heat  
Fly back to Sutherland stay up all night, lose out on sleep  
Knock down a j and play "Eugene"  
You wrap it up and I'm enraptured by your everything

Good god I'm hot never felt this sunny  
I want you on my tongue like a little bit of honey  
Too sweet got me feeling myself  
I want you more than wealth I want you more than money  
I want you on my tongue like a little bit of honey  
I want you on my tongue like a little bit of... honey

I want you on my tongue like a little bit of honey  
I want you more than wealth and I want you more than money  
I want you like winter day when I'm sunny  
You hold me down I won't let you down wrap me up  
I won't let you down I don't wanna hold you down  
I won't let you down  
I want you on my tongue like a little bit of honey  
I want you on my tongue like a little bit of honey

So wrap me up I won't let you down  
Come on baby won't you hold me down  
I'm all lifted, are my feet on the ground?  
Oh I love the sound

I want you on my tongue like a little bit of honey  
I want you more than wealth I want you more than money  
Be the heat in the eve break the cold and I won't let you down  
Wrap me up be the sun and I won't let you down

I want you on my tongue like a little bit of honey
