

Ignorant

SiR

World get on my nerves, man, this shit just don't excite me
Swerving off the curb, bending corners ain't exciting
Pussy on my phone, man, this shit just don't excite me
Out here on my own, ain't too many others like me

Aye, aye, aye
I might pop a clip
Funny how it hit
I ain't talking shit
Fuck the politics
I am not a bitch
Got a 'bout it bitch
She about her shit
Hey
I might blow a bag
On some ignorant shit
I don't pay no rent
Funny how it hit
I ain't talkin' shit, feel like Richie Rich
Y'all keep doin' looks, I got money on the books

Can't believe the shit that I see
Five hundred degrees, still feeling the breeze
She do what she please, keep her off the leash
But I love the fact she keep coming back
We so ignorant

World get on my nerves, man, this shit just don't excite me
Swerving off the curb, bending corners ain't exciting
Pussy on my phone, man, this shit just don't excite me
Out here on my own, ain't too many others like me

World get on my nerves, man, this shit just don't excite me
Swerving off the curb, bending corners ain't exciting
Pussy on my phone, man, this shit just don't excite me
Out here on my own, ain't too many others like me

Not like me
Been doin' this, still hot like me
Turn everything to a bop like me
SiR told me stop, so I pop my piece, tell Top I need my swap, aye
'64 Chevy, no top, aye
Ride through the city with a bad ass bitch, extendo in my Glock, aye
Solo and dolo, the day I did Marni, I used to be Polo
Clutchin' my piece when a fan want a photo
Paranoia like it's 2000-1-4
Older I get, more I look like my uncle
Screamin', "Free TC" that's tatted on my knuckles
Free Brittney Griner, they held her in Russia
I smoke every day so that could've been me though
Meanwhile, they killin' these innocent people

Can't believe the shit that I see
Five hundred degrees, still feeling the breeze
She do what she please, keep her off the leash
But I love the fact she keep coming back
We so ignorant

World get on my nerves, man, this shit just don't excite me
Swerving off the curb, bending corners ain't exciting
Pussy on my phone, man, this shit just don't excite me
Out here on my own, ain't too many others like me
