

N.B.N.

SIR

That's how they feel
They really think that
I'm not brave
And they are
Don't know what they do
To get the world to believe it's true
They takin' it too far I guess it's time for me to go
I can't fuck wit' you no more
If this is where you wanna be
It's all good but it ain't for me
It ain't for me, it ain't for me It ain't, it ain't for me, for me
But you can follow me, follow me, follow me
As I travel to a land where there's never an apology
For being what you wanna be, wanna be, wanna be
No need to pay a fee, you'll be flying free
Just as high as me, just as high as me, just as high as me
But no bitch-niggas (no no bitch-niggas)

They keep tearing me down
Cause they don't understand my sound I get it
But how can they say
That a lie is the truth of today
Then try to sell it
Guess it's time for me to go I can't fuck wit' you no more
If this is where you wanna be
It's all good but it ain't for me
It ain't for me, it ain't for me It ain't, it ain't for me, for me
But you can follow me, follow me, follow me
As I travel to a land where there's never an apology
For being what you wanna be, wanna be, wanna be
No need to pay a fee, you'll be flying free
Just as high as me, just as high as me, just as high as me
But no bitch-niggas (no no bitch-niggas)

See a bitch-nigga can't think outside a bitch system
So when I present this shit I won't trip if I miss 'em
All these campaigns trapped inside a bitch prison Instagrammin' the g
lamour convinced that they spreadin' wisdom
Cause if you got this chain and this whip and a thick bitch then you
shall forever remain killing
But if you speak truth, breathe love and raise youth then they say th
at you ain't really living
But you can follow me, follow me, follow me
As I travel to a land where there's never an apology
For being what you wanna be, wanna be, wanna be
No need to pay a fee, you'll be flying free
Just as high as me, just as high as me, just as high as me
But no bitch-niggas (no no bitch-niggas)
