

Right By You

SiR

Don't know what to call ya
A future baby momma, a queen to be
Girl, where's your altar?

You're exactly what I fall for
Just lead the way and I'll follow
Don't make me wait till tomorrow

I know exactly where this is gonna go
Gonna go, where it's gonna go
You're gonna use me, and I'm gonna love it
If you keep it real, baby, you keep it 100

If I do anything, I do right by you
By you, I do right by you
If I do anything I do right by you
By you, I do right by you

I want you to hurt me
Baby, you need it
Can't you see that I'm fiendin'?

Tell me that I ain't worth it
My heart is yours to pick apart
Go ahead and start

I know exactly where this is gonna go
Gonna go, where it's gonna go
You're gonna use me, and I'm gonna love it
If you keep it real, baby, you keep it 100

If I do anything, I do right by you
By you, I do right by you
If I do anything I do right by you
By you, I do right by you

I want you to hurt me
I want you to hurt me
I want you to hurt me
I want you to hurt me
