

You

SiR

Yeah, yeah, yeah
Yeah, yeah, yeah, yeah
Ayo, SiR
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah
Alright, alright, alright, alright, alright

Sitting on 24s
Would you look at those?
So amazing
I throw my hands up to the ceiling
It's some praise due
Heaven made you
You were chosen
Rich rollin' wit' a

Hard hitter, radio killer
Love is so lethal
Cold as Sub-Zero, maybe
Thugzilla, but I can deliver
If I say I'm with you baby, I mean that I'm with you, with you

Ooh, ooh
We gon' make a song tonight
It's about you
I'ma put you on tonight
Baby, sing along tonight
We gon' make a song tonight
It's about you
I'ma put you on tonight

Ain't been an hour since I landed
You took me to a whole different planet
I can barely stand it
The view is amazing
The air in here is easy to breathe
I can't even find a reason to leave

Nothing against you
All I know is if I can't be wit' ya
I couldn't see us being friends
I won't even pretend
Like I ain't got other bridges to mend
Still I'm pickin' up the signal you send
You been looking for a

Hard hitter, radio killer
Love is so lethal
Cold as Sub-Zero, maybe
Thugzilla, but I can deliver
If I say I'm with you baby, I mean that I'm with you, with you

Ooh, ooh
We gon' make a song tonight
It's about you
I'ma put you on tonight
Baby, sing along tonight

Yeah, yeah, yeah
We gon' make a song tonight
Ayo, SiR
Yeah, yeah
It's about you
Yeah, yeah, yeah, yeah, yeah
I'ma put you on tonight
Alright, alright, alright, alright, alright

So ghetto, just how I like it
Bougie and bad, baby, don't try to fight it
I'm next-level, but you got the cheat code
I might go beast mode and lose my mind
We better hold on tight, this is ride-or-die
Only fly when I'm in control
I know i'm not your only fan
But, baby, if I can
I'd break every rule to make it so

Hard hitter, radio killer
Love is so lethal
Cold as Sub-Zero, maybe
Thugzilla, but I can deliver
If I say I'm with you baby, I mean that I'm with you, with you

Ooh, ooh
We gon' make a song tonight
It's about you
I'ma put you on tonight
Baby, sing along tonight
We gon' make a song tonight
It's about you
I'ma put you on tonight

Hey baby, just called to tell you I love you
And I miss you
I know you're working, so I'll just talk to you later
Bye
