

Dream

SisQó

I've told myself
Time and time again
That I'm not in love with you
And then, it came to me
One night in a dream
You've been more to me
Than I wanted to see
There is nothing
I could do to stop it
Even though you're
With somebody else

If I didn't really care
Why were you there?
The color of your eyes
The scent of your hair
Now I know dreams aren't reality
But you're so real
So real to me

It took a dream to tell you
That I love you lady
I couldn't see that you were
Always there for me
Remembering the time
We shared together

Came clear to me
One night, I am in love
Oh, I've tossed and turned
And broke a sweat
Covered with tears
My pillow's wet
I'm drowning yeah, in
A river of my hopelessness
And only you can save me now
I've got to find
Someway, somehow
To let you know
How I feel inside
'Cause it's so obvious
And hard to hide

If I didn't really care
Why were you there?
The color of your eyes
The scent of your hair
Now I know dreams aren't reality
But you're so real
So real to me

It took a dream to tell you
That I love you lady
I couldn't see that you were
Always there for me
Remembering the time
We shared together

And it came clear
To me one night
I am in love
And what can I do
And what can I say
To let you know that
I feel the same
Please don't walk away
'Cause I know
I can't be wrong
(And my dreams they
Can't be wrong, wrong)

If I didn't really care
Why were you there?
The color of your eyes
The scent of your hair
Now I know dreams aren't reality
But you're so real
So real to me

Came clear
To me one night
(It came clear
To me one night)

If I didn't really care
Why were you there?
The color of your eyes
The scent of your hair
Now I know dreams aren't reality
But you're so real
So real to me

It came clear to me
One night, yeah
I fell in love
Oh, ooh, oh
