

## Ready To Go Home

Sissel

On the street below these walls Where I used to walk Now I can barely crawl All this darkness rising tall Lord, shine a light for me I'm waiting to be called I'm ready to go home I'm ready to receive forgiveness for my sins I'm ready to begin Yo guide this river to the sea Where the delta flows The tide is washing over me To guide this soul to heaven's door Show me where tomorrow lies I'm waiting to be born I'm ready to lay down I'm ready now to sleep A promise I must keep I'm ready to go home So tired, I lay down with all these memories I breathe shallow deep inside of me If time has run it's cause with me I'm ready to go home I'm ready to receive forgiveness for my sins I'm ready to begin When the evening shadows fall when the time has come I let defences fall to surrender to survive I will give up everything to those I leave behind I'm ready to go home I'm ready to receive forgiveness for my sins I'm ready to begin
