

## Coconut Trees

Sister Hazel

Goodbye sunshine, hello rain  
Just what we needed, another clouded day  
Well hey hey baby I know it's kinda crazy  
But I think we should run away

I've been saving up money, in a cookie jar  
Say goodbye honey au revoir  
To the grey sky blues  
I got 2 one way tickets to paradise  
Mix a little sun and rum on ice with an ocean breeze  
Just you and me baby in the coconut trees

Pack some sunscreen  
Your toothbrush  
That little bitty black bikini baby, I love so much  
And even though I don't wanna  
We should probably tell your mama  
Let's wait til we get there

I've been saving up money, in a cookie jar  
Say goodbye honey au revoir  
To the grey sky blues  
I got 2 one way tickets to paradise  
Mix a little sun and rum on ice  
With an ocean breeze  
Just you and me baby in the coconut trees

Ohhh oh ohh  
Oh oh ohhh  
Oh ohhhhhh

I've been saving up money, in a cookie jar  
Say goodbye honey au revoir  
To the grey sky blues  
I got 2 one way tickets to paradise  
Hey honey ain't this the life  
Yea c'est la vie  
Just you and me baby in the coconut trees  
Just you and me baby in the coconut trees
