

# Do It To The Max

Sister Sledge

Don't do it to death  
Just do it to the max, 'cause the  
Max is where it's at  
Don't do it to death  
Just do it to the max, 'cause the  
Max is where it's at

Oh, you're walkin' tall  
Lookin' slick in your three-piece at 4 AM  
You got a shiny ring  
On your pinky with your zodiac sign  
On the surface you're cool  
But inside you can't count past three  
But then your pretty smile  
Ain't sayin' nothin' to me

There's no such thing as [?] steppin'

Don't do it to death  
Just do it to the max, 'cause the  
Max is where it's at  
Don't do it to death  
Just do it to the max, 'cause the  
Max is where it's at

You stay in front of the mirror  
The whole day so that you can be  
The finest thing any girl  
Could possibly meet  
But you go to a party  
Just to stand up against the wall  
'Cause your head's too tight  
And your shoes are too small

There's no such thing as [?] steppin'

Don't do it to death  
Just do it to the max, 'cause the  
Max is where it's at  
Don't do it to death  
Just do it to the max, 'cause the  
Max is where it's at

If you wanna express yourself  
Then you got to feel it  
[?] never, ever be born with  
And remember the beautiful people  
Can only relate the truth  
You will shine  
When folks believe in you

There's just no need in [?] steppin'  
Steppin', steppin', steppin', steppin'

Don't do it to death  
Just do it to the max, 'cause the  
Max is where it's at

Don't do it to death  
Just do it to the max, 'cause the  
Max is where it's at  
Don't do it to death  
Just do it to the max, 'cause the  
Max is where it's at  
Don't do it to death  
Just do it to the max, 'cause the  
Max is where it's at  
Don't do it to death  
Just do it to the max, 'cause the...
