

# True Love

Sister Sledge

Oh, yeah  
Ah, woo-hoo

One day I'll look into his eyes  
And I won't be ashamed (I won't be ashamed)  
For he'll had done a working need  
His lips will speak my name (Lips will speak my name)  
I'll stand before him, face to face  
And I won't break the stare (I won't break the stare)  
He'll look upon me, full of grace  
His eyes will meet mine there

And they'll say, "Yes, you love" (Yes, it's true)  
My true love (I love you)  
I do love you  
Yes, I do

I'll stand before him, clothing white  
Among the bracing throngs  
Saints, once sinners, now redeem  
And pardon for their wrongs  
And on my head, he'll place a crown  
And call me by my name  
Finished by my master's hand  
I'll never be the same

And he'll say, "Yes, you love" (Yes, it's true)  
My true love (I love you)  
I do love you  
He'll say, "Yes, you love" (Yes, it's true)  
My true love (I love you)  
I do love you  
Yes, I do

Ooh-ooh, ooh-ooh-ooh  
Yes, I do  
Beautiful, beautiful  
Beautiful, beautiful  
Ooh, yeah  
Ooh, ooh  
Beautiful, I'm beautiful

I'll stand before him, face to face  
And I won't break the stare (I won't break the stare)  
He'll look upon me, full of grace  
His eyes will meet mine there

And they'll say, "Yes, you love" (Yes, it's true)  
My true love (I love you)  
I do love you  
He'll say, "Yes, you love" (Yes, it's true)  
My true love (I love you)  
I do love you

No longer will I feel ashamed  
will I be  
For he'll had made a working need

And clean, and rich, and free  
For he'll had made it beautiful and clean  
And rich, and free

He'll say, "Yes, you love" (Yes, it's true)  
My true love (I love you)  
I do love you  
And I'll say, "Yes, you love" (Yes, it's true)  
My true love (I love you)  
I do love you  
Yes, I do

Beautiful, beautiful  
Beautiful, beautiful  
Is my name
