

# Detonation Boulevard

The Sisters of Mercy

Ain't coming

On detonation boulevard

Through the angel rain  
Through the dust and the gasoline  
Through the cruelty of strangers  
To the neon dream

Long distance information  
Just tell me where the manholes steam  
A little girl waits on my station  
With a new machine

On detonation boulevard

I got wrecked out here  
In a El Dorado  
I got wired, white-walled  
For this hot-wired sedan

I caught somethin' weird in Ensenada  
I've a brother of sorts in Torquemada  
Long distance information  
Disconnect me if you can

On detonation boulevard

Pink noise, white noise  
And a violet whining sound  
Oh it burns inside this car

No cops, no signs, no left, no right  
No stops, no turning round  
Well you can run but you can't ride  
You won't get far

On detonation boulevard  
Bang bang

On detonation boulevard

Through the angle rain  
Through the rust and the gasoline  
Through the cruelty of strangers  
To the neon dream

Long distance information  
I'll take the same  
I got the fuel for the transformation  
I'm a naked flame

On detonation boulevard  
Bang bang
