

Lebensborn

[SITD:]

His hair was blond
His eyes were blue
He toed the line
Like the others do

Born as cannon-fodder
Breeded for the front
Little aryan pimpf
Is this what you want?

Lebensborn
Build up somewhere in germany
Lebensborn
Was made for racial policy
Lebensborn
A fateful part in history
Lebensborn
Invigorate democracy

He was twelve years old
He died at the front
Shot dead aryan pimpf
Was it what you wanted?
