

## Locked In Syndrom

[SITD:]

You're lucid as you've ever been  
I wish you could quit the scene  
You're suffering from the "L.I.S."  
Imprisoned in a horrible dream

You cannot react physically  
Such a trembling uncertainty  
You're suffering from the "L.I.S."  
Traumatic brain-injury

It's useless to get up a steam  
Depend on life support machine  
You're suffering from the "L.I.S."  
"Living" - What does it mean?

Suffering  
From the "Locked In Syndrom"  
Suspended  
In a deep black sea  
Suffering  
From the "Locked In Syndrom"  
Blackout  
Brain-injury
