[SITD:]

where am i now?
broken up or still around?
mind control, conspiracy
they destroy human psyche

i betray my ideals
i accept my defeat
embarrassed in silence
forever i'll bleed

forgetting how to talk
forgetting how to sleep
forgetting how to walk
forgetting how to eat

l.s.d. - mescaline
mind control - heroin
l.s.d. - mescaline

get out of my body! get out of my head!
get out of my body! get out of my head!

where am i now?
broken up or still around?
hypodermic syringe
the white torture begins

i betray my ideals
i accept my defeat
embarrassed in silence
forever i'll bleed
