

## Sonic Barrier

[SITD:]

Long afloat on distant oceans  
So far from shores we left behind  
We can look for new horizons  
Unable to find any peace of mind

Why did you create me?  
What's the meaning of it all?  
We can break the sonic barrier  
Pride will have a fall

I didn't mean to hurt you  
I'm sorry that I made you cry  
Don't conceal your worries  
Our ship is high and dry

Do you know what's best for me?  
Do you make the blind to see?  
Is there someone to watch over me?  
Don't you want to soothe my pain?  
Why oh, why should I complain?  
Is there someone to watch over me?
