

# Closer

Six60

Clueless  
You got me clueless  
See I don't know what it is  
But you have it  
When you started moving  
Don't stop moving  
Let me get closer to you  
Closer to you  
Closer, closer

This night is overdue  
I can't help myself  
One thing I wanna do  
Is get closer to you, closer to you  
Closer, closer

Closer, closer  
Come get closer

Foolish  
I'm feeling foolish  
Don't usually do this myself  
It's a habit  
When you started moving  
You keep on moving  
Let me get closer to you  
Closer to you  
Closer, closer

This night is overdue  
I can't help myself  
One thing I wanna do  
Is get closer to you, closer to you  
Closer, closer

Closer, closer  
Closer, closer  
Closer, closer  
Come get closer

Tell me  
Do you know what this is?  
Cos I feel like I'm flying, flying  
I feel like I'm flying, yeah  
Good morning, how do you feel?  
Cos I'm ready to dive in, dive in  
I'm ready to dive in, yeah

This champagne's overdue  
I can't help myself, yeah  
One thing I wanna do  
Is get closer to you, closer to you  
Closer, closer

Closer, closer  
Closer, closer

Celebrate  
Celebrate  
Closer, closer  
Celebrate  
Celebrate  
Closer, closer  
Celebrate  
Celebrate  
Closer, closer  
Celebrate  
Celebrate  
Closer, closer
