

Endlessly

Six60

If I'm being honest
You don't have to worry anymore
You can rest your weary head assured
You're always safe with me

I promise I will never leave you broke and lonely
Missing pieces you're my one and only
If only you believe

Don't be afraid you got me
I won't let you down
Fall into my arms your feet won't touch the ground
As long as the mountains high
The sun still shines
And the river runs wide and deep
When it comes to us
We'll always be endlessly

If I'm honest
Without you I'm only just a man
You see a hero, but you've got yourself a cape that's made for
flying
Don't stop flying
Here I am

Don't be afraid you got me I won't let you down
Fall into my arms your feet won't touch the ground
As long as the mountains high
The sun still shines
And the river runs wide and deep
When it comes to us
We'll always be endlessly

Don't let go

Don't be afraid you got me
I won't let you down
Fall into my arms your feet won't touch the ground
As long as the mountains high
The sun still shines
And the river runs wide and deep
When it comes to us
We'll always be endlessly
