Ghosts

Six60

Haunted by the ghost of you
It won't leave me alone
I've been desperately, holding on
Holding on

Changes
Oh, when did we become stranger?
I never saw it comin'
With all the time I can find me a way to move on
But you never let me, never let me go

Oh, it ain't no use
I can't get over you
Wherever we go, we can't run from our ghosts
Oh, it ain't no use
I can't keep hidin' from the truth, yeah
Wherever we go, we can't run from our ghosts

We diggin' deeper now
So deep I don't know up from down
Searching for the moon
So we can pull them down
Pull them all down

Changes
Oh, when did we become stranger?
I never saw it comin'
With all the time I can find me a way to move on
But you never let me, never let me go

Oh, it ain't no use
I can't get over you
Wherever we go, we can't run from our ghosts
Oh, it ain't no use
I can't keep hidin' from the truth, no
Wherever we go, we can't run from our ghosts

I can find someone better, yeah
I can find someone worse
But I will never find someone else
I will never find someone else

Oh, it ain't no use
I can't get over you, no
Wherever we go, we can't run from our ghosts
Oh, it ain't no use
I can't keep hidin' from the truth
Wherever we go, we can't run from our ghosts

No... no... no, it ain't no use

I can find someone better, woah
I can find someone worse
But I will never find someone else
I will never find someone else
