

Marks On The Wall

Six60

We all [?]
Cali in my head,
London at my door,
Paris in my bed,
I got the world on my shoulders,
Tryna get ahead, steady moving forward
I can sleep when I'm dead

Run for the hills now, ya better get ready,
There's marks on the wall, mark marks on the wall,
Run baby run baby run baby run

I was looking for some trouble,
They can see well,
Auckland in the morning, welcome back to earth,
I got the world on my shoulders, tryna get ahead,
Steady moving forward,
Cos I can sleep when I'm dead

Run for the hills now, ya better get ready,
There's marks on the wall, mark marks on the wall,
Run baby run baby run baby run

I coulda told ya, I'm gonna bleed,
But what's one drop in the ocean,
If there's oceans, and oceans of me,
Cos you can have it all, take it from me,
Cos oceans were right for you baby,
And there's oceans, and oceans of me

Run for the hills now, ya better get ready
There's marks on the wall, mark marks on the wall
Run baby run baby run baby run
