Mine

Six60

Baby, I'm dancing with you sky high
But lately, we're dancing on a tight line
And I-I-I-I-I
I swear, it's best for you and I
To stay alive
But I know I do it way too much
And I know I couldn't get enough
And I know it gets a little messed up
But it's hard to explain how I feel when you say that you're mi neee
Mineeee
So, let's be honest
There's bad moments
But baby, there's good, good times
And it gives promise
To know that I'm yours
And girl you are mine
But I know I do it way too much
And I know I couldn't get enough
And I know it gets a little messed up
But it's hard to explain when you're calling my name
But I know I do it way too much
And I know I couldn't get enough
And I know it gets a little fucked up
But it's hard to explain how I feel when you say that you're mi neee
Mineeee
