Never Been Tonight

Six60

I know
I know that there have been nights just as warm
And I've seen them
Summers, they come and they go
With the moon in the same place
Like not much has changed
I don't know much but I know that

Whoa-whoa
There's never been tonight before
And no one
Like you ever liked me before
I feel you
But now I'm feeling so much more
'Cause I've seen a lot of nights
That's how I know for sure
There's never been tonight before

Do you know
(Do you know)
How many times that I've knocked at your door
(Oh, I've been knocking)
But this time
You're not gonna leave me so low
(Leave me so low)
'Cause even though the moon's in the same place (same place)
Everything has changed (has changed)
I can't say how, but I know that

Whoa-whoa
There's never been tonight before
And no one
Like you ever liked me before
I feel you
But now I'm feeling so much more
'Cause I've seen a lot of nights
That's how I know for sure
There's never been tonight before

Whoa-whoa
There's never been tonight before
And no one
Like you ever liked me before
I feel you
But now I'm feeling so much more
'Cause I've seen a lot of nights
That's how I know for sure
There's never been tonight before
