I ain't mad, I ain't mad, I ain't mad...

All I wanted to be  
Was young and wild and free  
I've grown up since that phase  
When I couldn't handle the rest of you  
I think about the days  
It comes and goes in waves  
But honestly honestly  
I want the best for you

I can't  
Be mad if you find love  
Hey, you find love, yeah  
I can't  
Be mad if you find love  
Hey, you find love, yeah

I've been a rollin' stone  
Got used to be alone  
Oh my how things have changed  
'Cause I ain't the way that I used to be  
I'm in a different place  
I left without a trace  
but honestly honestly  
hope you want the best for me

I can't  
Be mad if you find love  
Hey, you find love, yeah  
I can't  
Be mad if you find love  
Hey, you find love, yeah

Baby I can't  
Be mad if you find love  
Hey, you find love  
But I can't  
Be mad if you find love  
Hey, you find love, yeah  
I can't  
Be mad if you find love  
Hey, you find love  
Once again now

I can't get  
Be mad if you find love  
Hey, you find love, yeah  
I can't  
Be mad if you find love  
Oh, you find love, yeah
