

Run for It

Six60

Why are we waiting for nothing
Why are people holding on to dreams forgotten
We should all be moving forward
And losing all of our visions of inhibition

Here we come in
Run for it, run for it
Get outta here
Here we come in
Run for it, run for it

So here we come in
Run for it, run for it
Run for your life
Here we come in
Run for it, run for it

(I know)

So why do we lay down when we should be rising
It's not like we backed down for all that we have now
We should all be moving forward
And losing all of our visions of inhibition, whoa

So here we come in
Run for it, run for it
Run for your life
Here we come in
Run for it, run for it
Yeah...

(I know)

Run for it...
(Run, run)
(Run, run)
(Run, run)
(Run, run)
(Run, run)
(Run, run)
(Run, run)
Run for it...
(Run, run)
(Run, run)

Yeah...
Yeah...
