

Be OK

Sixpence None The Richer

I said it didn't matter
Thought I'd go on home
Try to make the matter make some sense
So I slept on it some
Yeah I thought it over
Hard to know where it all went
We tried to save it but it'd all been spent

I'm gonna be
I'm gonna be
Okay

Thinking of you but I don't want to
How far do I have to get
Everything you said is stuck in my head
A song I can't forget
I got a chorus and an empty bed

I'm gonna be
I'm gonna be
Okay
Okay

And I hope and pray that love will always find you
And the clouds will drift away and you will see
And I hope the love you find reminds you, reminds you...

We're gonna be
I'm gonna be
We're gonna be
I'm gonna be
We're gonna be
I'm gonna be
Okay
