Weh dem a go wid dem badmind ways  
Hypocrite faces couldn't in a wi place

Weh dem a go wid dem badmind ways  
Hypocrite faces

Wi no spar wid certain people  
Some a dem too wicked, some too evil  
Only for a time then after words dem deceive you  
Cyaa meck them babylon dem come lead you  
Cyaa meck none a dem know yo business  
Dem friend dem tek it gone a road go live wid  
Chat you when yo down, friend you when yo get big  
For wi no cah, that's why wi haffi step

Work fi wa yo want  
Get up and go search fi weh yo want  
Every lil ghetto youth deserve a chance  
Them never encourage you  
Seh a too much worries so  
So mi rise above the critics cho  
A Jah, Jah, a mi strength and mi guide  
A that dem never know  
Jah, Jah, deh, deh, anyweh mi go  
Don't feed a lazy man  
Take care a the ladies and give Jah the praises  
Don't tell deference raise yo hand  
Clean heart lengthen days yo strong  
No time for the foolishness  
Jerusalem school is bless  
Clean hand, pure heart, nothing less  
A Jah, Jah, lead it out  
Wi Judgement mi lead it out  
Mi si seh dem go speed it out  
Wi no need dem bout yah

See a mans face  
You never see his heart  
People no know if you no talk  
Certain place you no fi go  
Certain place yo no fi walk  
Am a champion before mi start
