Sizzla

Mark Wonder, Gentleman, Sizzla Kalonji haha
Tellin' it to the world

Here it goes wah!

Don't you worry now things will be better
No matter what the time or the weather
Remember rasta love is forever
Got to be bold in you endeavour

Don't you worry now things will be greater
All you got to do is work harder
In all of your doings be wiser
Confidence is always required

Paying the out
We turn the pages of life
So many before us
Had made that sacrifice

The sun come shining today
Want to put all your problems away
Jah Jah gon' answer your call
There's no need to worry at all

Believe and move mountains
Yes you a go make it inna life
Turn your back on them war and strife and then utilize
All ya resources and don't compromise
And blessings will be realized

Don't you worry now things will be better
No matter what the time or the weather
Remember rasta love is forever
Got to be bold in you endeavour

Don't you worry now things will be greater
All you got to do is work harder
In all of your doings be wiser
Confidence is always required

Stepping out stepping out
Out ya slum door
After the children rising in da numbers
Nothing is lost
Just stand and stand there tall

Ya don ya don ya don
We will never weak
Oh yes we got the strength to perform
On and on and on
We remain the same
And you never see we a go transform

People will always want you to be
What they want you to be
But don't you let them take your lent away no no

Don't you worry now things will be greater
All you got to do is work harder
In all of your doings be wiser
Confidence is always required

Don't you worry now things will be better
No matter what the time or the weather
Remember rasta love is forever
Got to be bold in you endeavour

No failure, no time to quit
Look towards the future and that is it
Most high put this blessing on you
Have you seen the people are depending on you

Don't you worry now things will be greater
All we've got to do is work harder
In all of our doings be wiser
Confidence is always required
