

# How Long

Sizzla

Oh-yeah, ayy, ayy  
Ah-ooh, ooh, ooh, ooh  
Ooh, ooh

Feel the breeze, make the change  
Know that freedom comes your way  
Stand at ease, raise Jah name  
Now what else can I say?  
Free around, love the children  
Be as happy as they like  
Guns and bombs are in the factories  
And it's just to take our lives

So long now, too long now  
How long now wi deh yah an so far  
So long now, too long now  
How long now wi deh yah an so far

The height of it, jus di cut of the pit  
Jus of those who they kill and hide in a ditches  
Gotta work hard just to make it good  
But nothing really happen like it really should  
I wanna go to school, that's the only route  
School fees so expensive, when I hear it I shout  
So you try to get a job because you're ambitious  
They treat you like a slave how dem a handle you so  
The government don't really look out for us  
Instead it's more trucks put out for us  
Oh, gosh it's so hard living in the slammer  
Pray every day for better to come

So long now, too long now  
How long now wi deh yah an so far  
So long now, too long now  
How long now wi deh yah an so far
