I Was Born

Sizzla

I was born in a system that doesnt give a fuck
About you nor me nor the life… of our kids
Keep my guns load you never know, just in case things get frig
Thats just the way I live, yeah! thats me, yeah! as is
Dont come misbehaving, dont take it slight
Behave your self when youre making it right
Dont be a victim of things I do too survive
Cause I wont wish you any good- you Babylonians
Disrespect coming out their mouth (oooh)
Now you get me mad- I shove it down your throat
You know, I burn babylon, wi aint got nothing in common
Im a son of Soloman
