

Never Gonna Stop

Sizzla

How wi fi idle when the youths dem suh hungry
When so much wrong doings a gwaan in a the country
What about the youths education
What's wrong with unification
More schools and houses a tell you
Take the people from the front prone areas

Stop the violence, a bare...
Teach the nation that's what it is

Am never gonna stop
I just got to achieve my Gold

Am never gonna stop
A keep going like our school

Am never gonna stop
I just got to achieve my Gold

Am never gonna stop
A keep going like our school

My life though am seeking better
Could have been worst but am grateful for whatever
Got to respect my self before reaching out to another
Oh sure am the guardian for my sisters and my brothers
Failure doesn't mean giving up
Allot of people suffering but they are living up
Never tell you self you ain't big enough
Or good enough to change this world what they friging up

Am never gonna stop
I just got to achieve my Gold

Am never gonna stop
A keep going like our school

Am never gonna stop
I just got to achieve my Gold

Am never gonna stop
A keep going like our school

Got no complain mi glad seh mi born
A suffer so much till this thing becomes of the norm
Got to keep my head up
Can't afford to get fed up
A best you know that, seh nothing naw go gwaan
Pushing through yeah, pushing through
Life is rough
You got to overcome the struggle
Nuh matter how tough

Am never gonna stop
I just got to achieve my Gold

Am never gonna stop

A keep going like our school

Am never gonna stop
I just got to achieve my Gold

Am never gonna stop
A keep going like our school
