

So Happy

Sizzla

Oh baby baby
You make me so happy
No material no money that's naughty
Your love keeps me solid and highhhh
That is why

You can wish for all the things in the world
Wish for all the diamonds you can wish for the pearls
If you ain't got loving
If you ain't got a world
See you ain't got nothing you can mark my word

Oh baby baby
You make me so happy
No material no money that's naughty
Your love keeps me solid and highhhh

That is why
Where together
something I can boast off
Our relationship we got to make the most of
Yea hey
Keeping you closer
Oh baby I love you

Oh baby baby
You make me so happy
No material no money that's naughty
Your love keeps me solid and highhhh

That is why
Hey
Your my champion
Girl your my greatest companion
I never leave you out
For you i give everything out
hey

Oh baby baby
You make me so happy
No material no money that's naughty
Your love keeps me solid and highhhh

That is why
Touch me
Touch me
I like it when you do
Let me love you
My girl
My loving is so crude

Oh baby baby
You make me so happy
No material no money that's naughty
Your love keeps me solid and highhhh

That is why

You can wish for all the things in the world
Wish for all the diamonds you can wish for the pearls
If you aint got loving
If you aint got a world
See you aint got nothing you can mark my word

Oh baby baby
You make me so happy
No material no money that's naughty
Your love keeps me solid and highhhh
