I mean it when I say it
This shit ain't a game
If it was, I would've played it
So open your closet
Give a fuck about your skeletons
I wanna see you naked
It's not a major problem

But I hear screaming coming from in there
(Um, wait)
You told me you got bodies
But what the fuck is this?

Why I gotta be the first to know?
What you got going on behind your door
Can't you move those corpses out the way
Cuz I can't stretch you out when there's demons at play
There's demons at play

It's the demons, demons
I'm scared of the demons, demons
It's the demons, demons
I'm scared of the demons, demons

What you mean, you keep dead bodies in your closet?
(I'm in a mess again, oh my)
And why the fuck I gotta be the one to stop it ?
(I'm praying to the good old man upstairs)
I never asked for a chance to face my fears
But I guess that I got one
I know you said you had a couple affairs

Why I gotta be the first to know ?
What you got going on behind your door
Can't you move those corpses out the way
Cuz I can't stretch you out when there's demons at play
There's demons at play
