

We don't bullshit
I could get you wetter
Can you eat this pussy? My pleasure!
Uh, lose your mother's sweater
She left the crib at 10:11
That's my wifey, not my best friend
She my icon, she do everything expensive
If I post her on my 'Gram, then shit get messy

Bae, I'm not a stalker
But you know I'm always watching
I only want the best for you

You think I'm gone
What for?
You know I'm the one
I'm only gone if you're doing more
I'm only-

I never lie, never steal
Pussy nigga on my dick still
Can you eat this pussy? Yes, ma'am!
I'm tryna call you up and all your friends
Hold your hand, show you what I want
It's for us, please don't call no one
Yeah
Balenciaga in the snow
Yeah
And we can get it from the store-store

Bae, I'm not a stalker
But you know I'm always watching
I only want the best for you

You think I'm gone
What for?
You know I'm the one
I'm only gone if you're doing more
I'm only-
