

She work at the Intu, she said that she miss me  
I said that I miss her too  
I said she work at the Intu, she got enough issues  
That's why she got tissues  
I don't wanna waste your time (Waste your time)  
'Cause I'm not yours, you're not mine

She work at the big mall, don't like her job at all  
She thinkin' my vibe bad, she ready to go  
She stay thinkin' 'bout bein' dead but it's all in her head  
Let me beat the thoughts and free your soul  
I don't wanna waste nobody time  
But you on your lunch break, can't care 'bout mine  
I would think you would come, meet me at the bus stop  
Have you usin' you jaw until you wanna stop  
Until you wanna stop (Stop, stop, stop)  
You can never be topped (Top, top, top)  
And she don't wanna hear that again  
'Cause she ran out of friends  
She wanna hear it over and over  
Until you wanna stop (Stop, stop, stop)  
You can never be topped (Top, top, top)  
Unless it's me, of course, I'm a king, of course  
You not good for yourself, you the one in charge

She work at the Intu, she said that she miss me  
I said that I miss her too  
I said she work at the Intu, she got enough issues  
That's why she got tissues  
I don't wanna waste your time (Waste your time)  
'Cause I'm not yours, you're not mine

'Cause I'm not yours  
'Cause I'm not yours  
'Cause I'm not yours  
She work at the Intu, it feel like she diss you  
It's not like she meant to, she work at the Intu  
She work at the Intu, she said that she miss me  
I said that I miss her too  
Hey
