My heart is so cold these days, these days
My heart's made of stone these days, these days
I'll leave you alone for a few days
To rethink what's going on
Do you ever feel like you're lost inside yourself?
Do you ever feel like you're someone else?
Together in a dark room, I left you by yourself
To rethink what's going on

You better be ready for me
You better be ready for my love (My love, my love)
My love, my love
You better be ready for me
You better be ready for my love (My love, my love)
My love, my love, my love

You ever feel like, like it's too much, too much to handle
(My love, my love)
I'm past looking to enable love, but I'll try my best
Hm, you know?
