

ring ring ring

skaiwater

I feel your pussy still, [?]
I can't pop no groupie bitch, I pop my pill
Yeah, I'm so locked in with you, and your sex appeal
You know your fun, don't you, so hit my line, won't you
I swear you hot like Doja
Damn baby souljia, care for you I told you
Don't DND when I call you

If I call you, you know what I'm on
You got my songs on ringtone, when you turn your notis on
And you into it, 'cause I can do it

Girl this shit ain't over
I still need you closer
Put that on my racks
I love popping commas, She hop on my jet
Blew up like Osama, I can't text her back
New one for my lady, new one for me [?]
Pussy got no back bone, I'm finna break her back
Send my [?] to your iPhone, 30k that's dense
Need my check, I mean it
I need my baby and my nina, Yes, I mean it
I'm in your city with some demons, Yeah they shoot shit

If I call you, you know what I'm on
You got my songs on ringtone, when you turn your notis on
And you into it, 'cause I can do it

Yea this shit ain't over
Yea this shit ain't over
Yea this shit ain't over
Still need you closer
