

so easily

skaiwater

Searching through old memories
Thinking back to when I didn't think
How I could lose time so easily
How could I lose you so easily

I know there's plenty things I could work on
So come on and work on them with me
I know that there's plenty things I could work on
So come I know that you believe

I'm not like him that wasn't me
I try my best to make you see
I'm the best thing that you need
See me

Picking lemons by the beach
Writing poems by the trees
You can do that all with me easily

I'm not like him that wasn't me
I try my best to make you see
I'm the best thing that you need
See me

Picking lemons by the beach
Writing poems by the trees
You can do that all with me easily

And I don't understand why you can't be with me
So easily, so easily
And I don't understand that you can't see these things
So easily, so easily

I'm trying hard to see you
Can you try hard to see through all I did
So we can be more than friends
I wanna be more again

I'm not like him that wasn't me
I try my best to make you see
That I'm the best thing that you need
See me

Picking lemons by the beach
Writing poems by the trees
You can do that all with me easily

I'm not like him that wasn't me
I try my best to make you see
That I'm the best thing that you need
See me

Picking lemons by the beach
Writing poems by the trees
You can do that all with me easily

The last time I saw you

I think we ruled the world
I had a blast when I saw you
Know you my favorite girl

Yeah

Ok I knew it wasn't me
I'm not myself baby can't you see
Just tell me what you need me from me

Getting fly and smoking trees
We were tripping on a beach
We can do it all again easy

I'm not like him that wasn't me
I try my best to make you see
That I'm the best thing that you need
See me

Picking lemons by the beach
Writing poems by the trees
You can do that all with me easily
