I can reach the same places he can, if not better  
And I just wanna hold you for the weekend

I know you not mine to have  
Still put it on you, in your bedroom  
This what it came to, fuck you like I love you  
If you need a round two, baby, let me slide on you  
Baby, lay down on my bed  
Let me relieve your stress

It's only you, only you I want  
It's so many faces in this room  
Put some gas in me and I don't know what I'ma do  
It's only you, only you I want  
It's so many faces in this room  
Put some gas in me and I don't know what I'ma do  
I came all the way to you to let your fantasy come true

Oh my God, oh my God  
Baby, lay down on my bed  
Let me relieve your stress  
Oh my God, oh my God  
And I know I'm not your boyfriend  
I'm tryna fuck you the best (Best)  
Oh my God, oh my God  
Baby, lay down on my bed  
Let me relieve your stress  
Oh my, oh my God  
Give a fuck about your girlfriend, now let me show you my bed  
Oh my God, oh my God
