

## Don't Care

Skankin' Pickle

I am the hottest thing you ever will see  
You know I'm something it ain't easy to be  
I am the neatest thing to ever hit town  
There isn't anything that could put me down

Don't care  
if you really wanna hang around  
Don't care  
'cause I am the neatest thing in town  
Don't care  
if you really wanna stick around  
Don't care  
if you even wanna bring me down

The girls are always trying to settle me down  
They'll never guess I'm only foolin' around  
My only worry is my humility  
It dampens all my heavy artillery  
if you even wanna bring me down

Don't care (no no) (3x)  
You know I'm foolin' with my fake id  
So you don't see inisde my history  
You know i'm somethin' it ain't easy to be  
If you don't like my attitude you can suck my socks  
Don't care (no no) (5x)
