

## Larry Smith

## Skankin' Pickle

No excuses, no denials  
No pleading from his family to make him smile  
No arbitrations, no allegations  
No need for him to play in some foreign nation

What do you say  
Larry Smith is on his way  
What do you say  
Larry Smith is on his way

Driving to the hoop, I don't know what to do  
My feet are stuck together with crazy glue  
I just airballed the free throw with twenty thousand fans  
Try to shake it off and look down at my hands  
You see, Larry Smith is a guy that I know  
Who works harder then Prince or Manny, Jack and Moe  
He's not the best looking but neither am I  
I love him with all my heart and I'm gonna tell you why

What do you say  
Larry Smith is on his way  
What do you say  
Larry Smith is on his way

Don't like the fast break  
Don't like the slow break  
In fact, I never shot the ball after a pump fake  
My knees are aging  
Elbows hurting  
My legs can't jump as high as my mind is wanting  
Try to replace me  
A list of big men  
I just do my best and try to be there in the end  
No Chris Washburn  
No Don Nelson  
The monkey's off my back but it jumps right back on

What do you say  
Larry Smith is on his way  
What do you say  
Larry Smith

What do you say  
Larry Smith is on his way  
What do you say  
Larry Smith is on his way

What do you say  
Larry Smith is on his way  
What do you say  
Larry Smith
