

Violent Love

Skankin' Pickle

Oh baby, you look so good
Honey, I knew you would
Please, I'm bored
Not really, but that's okay...

I want to make violent love
To you to the moon above
I wanna make violent love to you

I wanna make violent love

I wanna kiss every night
To squeeze and hold you, hold you tight
I want to make violent love to you

I wanna make violent love

I don't want seem frantic
I don't want to cramp your style
You're driving me into a panic
You just wanna drive me, drive me,
Drive me, drive me, drive me wild

I wanna make violent love (4x)

I don't want seem frantic
I don't want to cramp your style
You're driving me into a panic
You just wanna drive me, drive me,
Drive me, drive me, drive me wild

I wanna kiss every night
To squeeze and hold you, hold you tight
I want to make violent love to you

I wanna make violent love (4x)

I wanna, wa-wa-wa-wa, I wanna, wanna, wanna,
make viloent lov-lov-lov, love, violent love to you
