

# Hold Tight

Skarlett Riot

Hear my voice  
I'm reaching out to you stop pretending  
It's alright  
Let's be real here just for a minute  
I can feel your pain  
The desperate look in your eye  
Hear my voice  
Hear my voice

You're lost in the dark  
It doesn't feel right  
Wherever you are  
You need to hold tight  
You're lost in the dark  
It doesn't feel right  
Wherever you are  
You need to hold tight  
Hold tight

Hold tight, hold tight  
We've only got  
One life, one time  
To make it right  
Don't you see how much weight you hold  
Deep inside, just know  
You are not alone

I wish I could take all your pain away  
Don't fear it won't always be this way  
You'll look back on this all some day  
Like a rose, you'll survive  
You will grow in the rain

Don't fear the storm  
Stand up and face it

You're lost in the dark  
It doesn't feel right  
Wherever you are  
You need to hold tight  
Hold tight  
To that one life  
You need to hold tight  
Hold tight

Hold on tight  
You can get through this  
It's alright  
You know you can do this

I can see the light  
I can see the light  
I can see the light, see the light, see the light

You don't have to face this on your own  
You don't have to face this on your own

Hear my voice  
You can get through this

You're lost in the dark  
It doesn't feel right  
Wherever you are  
You need to hold tight  
Hold tight  
To that one life  
You need to hold tight  
Hold tight  
You're lost in the dark  
It doesn't feel right  
Hold tight  
Hold on tight  
Hold on tight

You don't have to face this on your own  
You don't have to face this on your own
