Skarlett Riot

She takes to the spotlight, to the stage  
You can tell she craves in final look on her face  
Everyone can't help but stare away  
She's a diva and a rocker 'til some followers see  
You're gonna watch your [?], better watch you through  
Bet she steals the show and don't get to you

She's a rock n roll queen  
Oh yeah  
She'll drag you in and give you what you need  
She'll pin you down and make you weak at the knees  
Rock n roll queen  
Oh yeah  
She'll drag you in and give you what you need

Sweat dripping down your spine that makes you lose control  
As she takes a deep breath, she takes a lead  
Screaming to the soul as it makes you bleed  
Hear the sound, feel the thunder

She'll pin you down and make you weak at the knees
