

# Spiralling

Skarlett Riot

I will not be silenced  
I am not afraid to speak my mind  
You were dishonest  
Pretending that everything's just fine

You're so in denial that you can't see  
Your irrationality  
You can't turn this around and try blame me  
Just take responsibility

Such a fool  
I believed your fake disguise  
Your fake disguise

Rotating round in circles  
Trapped in your revolving door  
Going round in circles  
With the same damn thing  
I'm spiralling

You're just like Jekyll and Hyde  
Will you play the nice guy?  
Or will you point the finger at me?  
You play the victim in every story told  
I am not the villain

Rotating round in circles  
Trapped in your revolving door  
Going round in circles  
With the same damn thing  
I'm spiralling

Running round in circles  
Trapped in your revolving door  
Going round in circles  
With the same damn thing  
I'm spiralling

I've seen this all before  
I've seen this all before

Such a fool, I believed your fake disguise  
Such a fool, I believed your fake disguise

Rotating round in circles  
Trapped in your revolving door  
Going round in circles  
With the same damn thing  
I'm spiralling

I will not be silenced, again  
I am not afraid
