

# Deadbolt

Skaters

Here come the cops  
Hand me my sword  
I got nowhere to run  
I'm afraid of the whole

Who gave you the tip?  
Was it someone I know?  
Ain't it always the rats  
Who bring the pigs to your door?

Who's got the fear  
Of your little boy club?  
Better watch what you say  
Better come with your all

Turning the deadbolt  
The chain's on the door  
Now  
Knock when you know that I'm home

Won't you give me one more try?  
Gimme one more try  
Or kiss my friends goodbye  
Unless you gimme one more try

Let me borrow your car  
Take it down to the shore  
Lemme crash at your house  
Is your mother still home?

Won't you give me a taste  
'Til the heat cools down?  
I just need enough  
To get me around

Crawling out the window  
Breaking down the door  
It's a long fall  
From the sixth floor

Turning the deadbolt  
The chain's on the door  
Now  
Knock when you know that I'm home

Won't you give me one more try?  
Gimme one more try  
Or kiss my friends goodbye  
Unless you gimme one more try
