

Oh, December
I've been waiting for ya
I just remembered
That I forgot to call ya
I know I'll see ya
The one thing on my wishlist
Being bad and wanty
Having beers with everybody

You don't know how much I've missed this
I'm just so glad it's Christmas

It's been a long November
I've been looking forward to ya
Everyone is here this year
There better be plenty of beers
And so it goes
The kids can't sleep it off
They think they know
But they're still not sure

You don't know how much I've missed this
I'm just so glad it's Christmas

You don't know how much I've missed this
I'm just so glad it's Christmas
You don't know how much I've missed this
I'm just so glad it's Christmas
You don't know how much I've missed this
I'm just so glad it's Christmas

It's the new year soon
And you promised the moon
But I can guarantee that it
Will last about a day until
An old idea brings back to you
And you can't change your way
'Cause that is why we love you

You don't know how much I've missed this
I'm just so glad it's Christmas
You don't know how much I've missed this
I'm just so glad it's Christmas
