

Heart Attack

Skegss

My minds intact but I don't know how to work it
You're giving me a heart attack
Yeah you're making me nervous
Stop being slack cause I don't deserve it
Life's pretty wack I think that we all learnt this

My heart is aching
Cause I'm so love sick
And you keep taking
All the love from it
You suck my blood like a vampire
And it stops pumping
But when you give me love
It starts thumping

My minds intact but I don't know how to work it
You're giving me a heart attack
Yeah you're making me nervous
Stop being slack cause I don't deserve it
Life's pretty wack, I think that we all learnt this

My heart is aching
Cause I'm so love sick
And you keep taking
All the love from it
You suck my blood like a vampire
And it stops pumping
But when you give me love
It starts thumping
