

Hell

Skegss

Come of lately you are stepping out of your shell
Stepping out to what you think is hell
And you, don't like it one little bit
You think you don't deserve this shit

Shah la la la la
You don't like it
Shah la la la la
You don't like it
Shah la la la la
That's why nobody likes you!

Come of lately you are stepping out of your shell
