

# It Is

Skegss

Today, a cloud came over me  
But I stood taller than it  
Just so that I could see  
How beautiful the day truly is

And it is, it is  
It is so goddamn beautiful  
It is, it is  
It is so goddamn beautiful

Trying to think beyond this world  
Instead of living with it  
Spending too much time in life  
Overthinking all that's wrong with it  
Sometimes, I've gotta remind myself  
To get on with it  
And just get along with it

Yeah, yeah  
Yeah, yeah  
Yeah, yeah

Waive the doubt that came to be  
The desert made me wanna believe  
Now I think more openly  
Let it all blow over me

It is, it is  
It is so goddamn beautiful  
It is, it is  
It is so goddamn beautiful

Trying to think beyond this world  
Instead of living with it  
Spending too much time in life  
Overthinking all that's wrong with it  
Sometimes, I've gotta remind myself  
To get on with it  
And just get along with it

Yeah, yeah, yeah  
Yeah, yeah
