

## New York

Skegss

You telling me how to be  
Telling me when I should and shouldn't speak  
Telling me to change my ways  
And put me down a path that I should take

I'll figure it all out on my own  
I'll figure it all out on my own  
I'll figure it all out

You think you know wrong from right  
Don't just roll over and die  
You need to open your eyes wide  
And realize there's no right way to live this life

I'll figure it all out on my own  
I'll figure it all out on my own  
I'll figure it all out  
I'll figure it all out on my own  
I'll figure it all out on my own  
I'll figure it all out

Let bad thoughts leave your mind  
And just enjoy your time  
Let bad thoughts leave your mind  
And just enjoy your time  
Let bad thoughts leave your mind  
And just enjoy your time  
Let bad thoughts leave your mind  
AND JUST ENJOY YOUR TIME!
