

Stop

Skegss

I swear I should be dead already
I'm not scared to live my life
I'm glad you let me
But I swear I should be dead already
I just dared to live my life
I'm glad you let me

I'm going to everywhere
I'm going to anywhere
I'm going to everywhere

Even if the light is red
Even if the light is red
Even if the light is red
I'm not stopping

I swear I should be dead already
I'm not scared to live my life
I'm glad you let me
But I swear I should be dead already
I just dared to live my life
I'm glad you let me

I'm going to everywhere
I'm going to anywhere
I'm going to everywhere

Even if the light is red
Even if the light is red
Even if the light is red
I'm not stopping
I'm not stopping
I'm not stopping
I'm not stopping
